Information

Firearms Permit Recipients

The following information is intended to provide guidance upon commonly asked questions regarding firearms. The Firearm Licensing Officer cannot provide legal advice. Firearm owners are obligated to acquaint themselves with and comply with all federal, state and local laws governing the possession and use of firearms.

1. Any firearm must be considered a dangerous weapon that can kill or maim, even if you think that it is unloaded. Most accidents happen with “unloaded” weapons.
2. It is illegal to leave any firearm within access of a minor. Remember the curiosity of a child when you store your weapon.
3. Your firearm may not be carried for self-protection, on your person or in a vehicle.
4. You may not lend to, give to or leave your firearm for safe keeping with another person. You will be held responsible for any use of the firearm.
5. If any firearm you own or possess, is lost or stolen, it must be reported immediately to the local police department where the loss or theft occurred. The loss or theft of the firearm must also be reported to the police department where the weapon is registered.
6. You may not sell or otherwise transfer possession of any firearm unless the purchaser or receiver, possess a valid NJ Firearm ID Card (for long guns) or valid NJ Permit to Purchase a Handgun.
7. All firearms being transported must be unloaded and contained in a closed and fastened case or gun box, or a securely wrapped and tied package locked in the trunk of the automobile in which it is being transported. The course of travel should be as direct as possible to the destination. Any deviation should be no more than reasonable under the circumstances.
8. If you change your address, change your name, or if your firearms identification card is lost, stolen or misplaced, you have 30 days to report this to the department that issued the permit and to the local police department to where you reside.

A copy of this information sheet will be made a part of your registration file.
